

REACH Statement

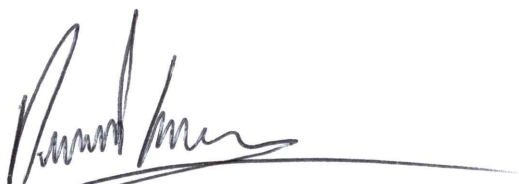

With regards to Directive (EC1907/2006) known as REACH, DeVal Ltd do not supply chemical product, substances or preparations as defined by REACH. We only supply finished products referred to under REACH as "articles". Under normal use there is no intended release of any chemical from our products.

All items purchased are placed with a requirement that they meet the requirement of REACH, and reasonable checks are conducted by the company to check the status of the item.

We require our suppliers to inform us if any item ordered falls within the REACH requirements and upon such occasion we will inform our customers. If our customer has specified parts on their bills of material we reasonable expect that those parts to have been validated for compliance.

SVHC (Substances of Very High Concern)

To the best of our knowledge product manufactured by DeVal Ltd do not contain substances on the SVHC candidate list above permissible limits.
